### LITTLE GIRL'S DAY.

When Little Bird wakes in the morning  
She is glad.  
The cat in the kitchen sits purring away,  
And the puppy dog barks like mad.  
The bell in the steeple turns loud over  
heads.  
That's a fine way of showing how glad he  
feels.  
And all the wide world seems to say,  
"Our dear Little Bird is happy today."

When Little Bird wakes in the morning  
she is glad.  
Then everybody says "Good morning."  
The little birds sing, and the big birds  
say.  
And the sun comes up in the morn.  
The fishes all pull their bubbles out,  
And go and sleep with the poor fishpoop.  
And the clock says, "Look! It's time  
to say  
One down Little Bird is sad today."

See Little Bird, when you go to bed, at  
night.  
Put a smile right under your pillow,  
And when you wake up, just slip it on  
again.

And wear it all day with a smile on  
your face, until you see your love again.  
And the birds will sing, But you had better  
not wear the smile, because they might  
say to  
you, "Look! You're a baby child to us!"  
—Lillian J. Arnold.
